On behalf of the Dartmouth Public Schools, welcome to the US Bands/NESBA competitions. We are so pleased to have the privilege of hosting this prestigious band competition. This event promises to be an outstanding showcase of musical talent as well as an opportunity to unite our communities in celebration of the arts.

I have always been a strong advocate for the importance of music education, and as the Dartmouth Public Schools Superintendent, I intend to continue this support. Music not only enriches the lives of our students but also fosters discipline, teamwork, and creativity. Hosting a band competition of this caliber aligns perfectly with our commitment to providing our students with opportunities to excel in their musical pursuits.

Our District and this wonderful event's dedicated organizers and participants will create an unforgettable experience for all attendees. Our schools and community have a long history of supporting the arts, and this event will undoubtedly continue that tradition.

I sincerely thank the countless individuals for their hard work and dedication in making this event possible. Your efforts are vital to its success.

I want to emphasize my pride in our schools, students, and communities for their commitment to music education and the arts. The band competition is not just a musical event but also a reflection of students' outstanding talent and dedication.

Thank you for your time and dedication to what will no doubt be a memorable affair!

"Music can change the world."
