

Join our BAND App!

The BAND App is an easy, fast, and secure way for the DSMA to provide information to marching band students and families.

What is the DSMA BAND App for?

- Instant updates on schedule changes due to weather, such as football game cancellations
- Reminders for fundraisers, paperwork due dates, etc.
- Built-in calendar for rehearsal times, competition locations for your GPS and more
- Bus ETAs while on the road returning from competitions and parades
- Easy communication with DSMA board members

How to join the 2024/25 DSMA BAND App

To join the private DSMA BAND App, simply scan the QR code to the right with your phone.

If you already have the BAND App installed, this will log you into this year's app – a new season means a new (and improved) app!

For our new families, after scanning you will be guided through the process of downloading the free BAND app to your phone and joining our group.

Please be sure to share this link with your immediate family and your band student **only** so we can keep communications private & secure, and please enter your first AND last name on your account to help us know who everyone is.

If you need any assistance, please email lauraedgcomb@dsmahome.org
